

Orlando J. Cicilioni Jr., M.D., F.A.C.S.

SPECIALTY: Though he performs all types of aesthetic surgery for facial enhancement and body contouring, Dr. Cicilioni's practice specializes in cosmetic and reconstructive surgery of the breast, and he is known throughout Central Florida for his expertise in dealing with complicated breast deformities. As a consultant to the Allergan NOVO Academy and the Lifecell Corp. he has become an educational resource to physicians for aesthetic breast surgery. **EDUCATION:** Graduated Summa Cum Laude from the University of Scranton with B.S. in Biology and was at the top of his class at Jefferson Medical College. Completed both his General Surgery Residency and Plastic and Reconstructive Surgery Fellowship at the University of Florida. Certified by both the American Board of Surgery and the American Board of Plastic Surgery; Fellow of the American College of Surgeons. **PROFESSIONAL MEMBERSHIPS/AFFILIATIONS:** AMA, FMA, Orange County Medical Society, and the American Society of Plastic Surgeons. Has chaired Department of Plastic Surgery for the Seven Florida Hospital campuses since 2006 and serves on several hospital quality review committees. **GREATEST PERSONAL ACHIEVEMENT:** Finding the perfect wife with whom to share life, career, family, and spirituality. In 2010 he and Lori celebrated the birth of triplet girls, and their family has grown to seven beautiful children. **GREATEST PROFESSIONAL ACHIEVEMENT:** Co-development of a sternal

plate and surgical technique for repair of the breastbone after open-heart surgery. That technique is now used world wide, and he has lectured at numerous universities on the topic. **INNOVATIONS:** Offers innovative ways to use Alloderm (ADM) and autologous fat grafting to enhance the breast in cosmetic and reconstructive surgery. **WHAT SETS US APART:** Our practice and staff are committed to helping women with breast cancer. We have raised the bar on expectations for postmastectomy reconstruction and strive to make our patients feel confident about themselves and their appearance. **DURING OFF HOURS:** Spend time with my wife and family; enjoy computers, photography, and running. **CHARITABLE WORK:** Dr. Cicilioni has performed 12 Cleft Lip and Palate missionary trips to Mexico with the Florida Hospital Shares Foundation, and received numerous awards for his charitable contributions.
